

Course title: Highfield Level 3 Award in Emergency First Aid at Work (RQF)

Description of the course

The objective of this qualification is to support learners in becoming emergency first aiders in the workplace. The content of the qualification meets the Health and Safety Executive (HSE) requirements for training emergency first-aiders in those organisations that have identified that staff need to be trained to this level within their first-aid needs assessment.

Course duration

Learners will undertake 7 hours of learning, over one day, with a minimum contact time of 6 hours.

Who is this course/qualification for?

This qualification is aimed at learners who wish to become emergency first-aiders in the workplace or anyone who may be interested on a personal level. This qualification meets the requirements for training emergency first-aiders in those organisations that have identified that staff need to be trained to this level within their first aid needs assessment.

How long will it take?

To complete this emergency first aid at work qualification learners should expect to undertake 7 hours of learning, typically over one day, with a minimum contact time of 6 hours.

Topics covered

The qualification covers knowledge such as the roles and responsibilities of the first aider and how to assess an incident. The qualification also covers first aid skills in CPR and use of an AED, providing first aid to a casualty who is choking and dealing with external bleeding and hypovolaemic shock.

Assessment method

This qualification is assessed by a practical demonstration and a multiple-choice theory test.
Course fee: £40 per learner

Accreditation

The qualification has been developed and is awarded by Highfield Qualifications. The qualification supports/approves workplace emergency first aiders for a period of 3 years.
